## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-5 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding claim 1, it is not clear what is meant by the phrase "a sufficient rate". It is not clear to the Examiner what the metes and bounds are because it is not clear what gas-delivering rates are to be included or excluded by the phrase.

Appropriate correction is required.

Due to their dependency, claims 2-5 are necessarily included in this rejection.
